This Fall the SCOPE Board voted to apply to operate a non-profit radio station in Santa Clarita. It would be similar to KCSN, and KPPC, but with a local staff and programming including City Council meetings, talk shows, and music, etc. in between streamed news services. We decided to do this to take advantage of a one week window of opportunity granted by the FCC in October for small non-profit radio applications. We hope you share our excitement about the potential this application offers to bring a variety of issues and viewpoints to the Santa Clarita Valley.

How wonderful OH Lord are the works of your hands
The sun and stars, the valleys and the hills,
the rivers and lakes all disclose Your presence
The beasts of the field and the birds of the air
bespeak Your wondrous will.
In your goodness, you have made us able
to hear the music of the world

SCOPE wishes you and your family
the very happiest of holidays
